BOUNTY LANDS.

IMPORTNT NOTICE TO

SOLDIERS, SEAMEN AND THEIR Widows and Minor Children.

A BILL has passed both Houses of Congress, granting Bounty Lands to the following classes of persons, viz:

One Hundred and sixty acres to all who have SERVED FOURTEEN DAYS IN ANY WAR of the United States, provided they have received Land.

One hundred and twenty acres to all who have so served and have received 40 acres.

Eighty acres to all who have so served and have received 80 acres.

And if the soldier has deceased without having 160 acres, the same allowance as above is made to his Widow, or if no Widow, to his Minor Children.

Service in the Revolution—in the War of 1812—and in all the Indian Wars, is provided for by said Act.

And all who served the above period in the drafted Militia of the State of Maine in the year 1839, in what is known as the

AROOSTOOK WAR,

Are entitled to its benefits. Also the Militia called out by State Authority, and who served the above period, and whose services have been accepted by the United States, and their Widows and Minor Children.

The subscriber is prepared to receive and prosecute all claims arising under said Act, with promptness and dispatch, and upon as reasonable terms as other Agents.

He has many Military Rolls and Copies in his possession, and especially very full ones of the Militia drafted for the Aroostook service in 1839.

As inducements to commit claims to his charge, he ventures to rely upon his long and well known experience and success in those of a similar nature.

He will, if preferred, Purchase the Land Warrants at fair rates.

Application may be made to him at his Office, or if requested by letter, he will send to claimants Declarations, with suitable directions, which may be executed without the parties leaving their homes.

To secure the receipt of a Warrant early apply early.

To Holders of LAND WARRANTS!

John L. Hodsdon,

DOW'S BLOCK, Hammond Street, Bangor, would call the attention of those who may have LAND WARRANTS to sell, to the fact that he has orders for large numbers of Land Warrants from parties in the West, who authorize him to pay for the same the highest market value in CASH. Any person having a Warrant may therefore be assured that he can obtain from Mr. H. the most favorable price for it.

To those who desire to

Locate their Warrants,

he would further say that he has skilled and careful agents in the States of

WISCONSIN AND IOWA,

and in the Territory of Minnesota, who will handle any Warrants on the most desirable lands, without advance pay.

Let all holders of Bounty Land Claims call on JOHN L. HODSDON,
Dow's Block, Hammond-street.

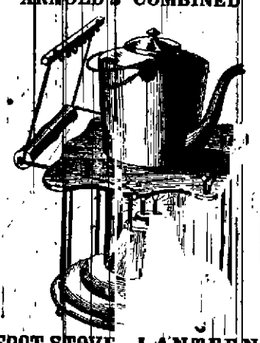
ARNOLD'S COMBINED



FOOT-STOVE, LANTERN, AND NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute, to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article in traveling. It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is less likely to be overset, or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, beside giving the light desired, and for cooking in small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heat in the same length of time.

In fact, the various purposes to which this neat apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves.

ASSIGNEES' SALE

—OF—

Valuable Real Estate

—AT—

ZILWAUKIE, SAGINAW CO., MICH.

THE following described property will be disposed of at Public Auction, at the *Merchants' Exchange, in the City of New York*, on THURSDAY, the 28th of February, 1856, at noon, unless previously disposed of at private sale, by order of the Assignees:

First—One large Steam Saw Mill, known as the Sang or Mammoth Mill, about 60 by 126, including a gang of 21 saws; 2 muley saws, with siding and edging machines; engine room about 30 by 75 feet. The whole driven by the most powerful engine in the river.

Second—The Mill known as the Shepherd Mill, of about 42 by 60 feet, consisting of two muley saws and edging machines; this mill is said to be equal to any mill of its size on Saginaw river. Both of the above mills are in good repair, with large and commodious Wharfs, Lumber Cars, Railways, Booms, in fact all the necessary appointments of first class mills. The above mills were in operation for about three or four months the last season, and gave the utmost satisfaction in regard to the quantity and quality of lumber cut.

Third—About 100 Village Lots in the village of Zilwaukie, in which there is a large Hotel 40 by 60 feet, two stories high; a new Store 40 by 60 feet; Office and Boarding House, and a number of other Dwellings to accommodate the families of those employed in the mills, and the general business wants of the place.

Zilwaukie is situated on the left bank of the Saginaw, 14 miles from its mouth, and five miles below the county seat of Saginaw County, with which it is connected by a good road. The location is considered healthy, less sickness has prevailed in that than any other village on the river, according to the population, since its settlement; it is at the head of navigation for loaded vessels bound from or to the Lakes, and is considered one of the best points for manufacturing Lumber on the river.

Also, about 500 acres of good Farming Land on Cass River, in Tuscola Co.

For further particulars apply to D. CHARLES T. DISBROW, East Saginaw, Mich.; or ROBT CARNEY, and ALEX. M. LAWRENCE, Assignees, No. 11 South William street, New York.

Boston Lying-in Hospital, SPRINGFIELD-STREET.

THE Trustees of this Hospital desire to call the attention of the Medical Faculty, and of the New England public, to the advantages which the new Hospital affords for the comfort of patients and the treatment of those cases which it was the intention of its founders to relieve.

Admission regulations are upon the same principles as those of the Massachusetts General Hospital, the charges depend upon the accommodations, and are as low as the means of the Corporation will admit. In the construction of the Hospital, great attention has been paid to the comfort of the patients, in ventilation, heating apparatus, bathing rooms, water-closets, etc. The capacity of the building being in advance of the wants of the public for lying-in patients, the trustees have decided to allow a portion of the Hospital to be used for the accommodation and treatment of diseases of the female sex," and applications may be made personally, or by letter addressed to Mrs. C. THE NEW HAMPSHIRE ELECTION.—By the latest accounts at the time of writing this article, Wells, the administration candidate for Governor of New Hampshire, has been defeated, and there has been an opposition Republican majority in the Legislature elected which will secure the reelection of Gov. Metcalf.

With this result we are entirely satisfied.—After a contest, the most desperate and memorable of any which has yet come off in New Hampshire, (where every election is a bloody pitched battle,)—in a contest wherein President Pierce's fortunes were staked, and wherein himself and his friends, both personal and political entered with the desperate feeling that on this battle-field would be determined the question whether Pierce's name should ever go into the National Convention—in such a contest as this in the old and once impregnable Gibraltar of Locofocoism, and with money poured out against them like water, the freemen of New Hampshire have bravely withstood the fierce attack, and again come out victorious.

It is true that the Pierce men may claim a large apparent net gain and thereby carry their candidate into the Cincinnati Convention, with perhaps some show of support; but this gain is undoubtedly made up in great part of votes entirely unreliable, and obtained for the occasion only by extraordinary appliances and under the extreme pressure of a crisis in Pierce's fortunes. Many of them were doubtless illegal, and more will be missing at the next contest. The true democratic Republican people have triumphed however over everything which could be brought against them,—legal or illegal, ordinary and extraordinary, and the friends of freedom in that State may now go on rejoicing.

The Republicans of other States have seen the vast efforts made to carry New Hampshire in favor of Southern sectionalism, and have certainly hoped for no more than to *save the State*,—a result which under the circumstances is almost glorious victory.

As expressing the feelings which were generally entertained, in regard to this election, we copy a paragraph from the Kennebec Journal, published *before the result was known*:

We would scarcely venture a prediction, notwithstanding the confident tone of the letter we published a few days since from a gentleman in Concord, who is amply qualified to judge of the passages. The Administration has made such desperate efforts and expended such a vast amount of money, that we shall not be surprised to find the Republicans temporarily defeated. Pierce's last lingering hope of obtaining the nomination at Cincinnati, hangs on the result in New Hampshire; and conscious of this, he and his numerous retainers have been using all the government patronage at command to get up votes at any price. They have had an agent in Boston offering a piece for men to be at the polls in N. H. In the face of these unprecedented efforts of the Republicans through, *it will be the greatest victory of principle which we have been called to record in the history of popular elections*. In any event, New Hampshire is safe for the republican candidate for the Presidency, but we hardly dare hope for such a victory there at present.

LATER. The Concord Statesman has received the votes for Governor from all but nine small towns, which foot up as follows:—Wells 31,357; Weeks 30,472, Goodwin 2441. The same towns gave, last year, Metcalf 31,041; Baker 25,313, Bell 1659.

According to the returns of the States, the opposition have elected 166 Representatives against 130 democrats. The opposition candidates for Senators have been elected in thirty-two, three, four, five, seven, nine, ten, and eleven—in all eight Senators. The democrats have elected in all the remaining districts—all four Senators.

This and That.

The Journal says it says that the Whigs and their allies, the Democrats, did, last Monday succeed in electing Hon. Spencer A. Pratt, Police Judge of this city. * * * Judge Pratt is a National Democrat.—*Bangor Journal of Saturday.*

"Resolved, That those individuals, who *claim* to be Whigs' no more and, and at the same time publicly and privately lend their influence and seek to promote the election of a political opponent, are TRAITORS TO THE NAME AND TRAITORS TO THE WHIG CAUSE.—*State Whig Resolutions at the Kenduskeag Convention, Aug.* 1854.

Judge Pratt is a National democrat, and does not consider it much of a compliment to be claimed as a sympathiser with that unscrupulous and reckless party, which, in its deepest plots, and deepest of electing Mr. Lyon as postmaster, assailed with a cowardice and ferocious wantonness never before exhibited in a decent community, the personal character of Mr. Pratt.—*Journal.*

The Whig has never said one word against the character of Judge Pratt—and as for assaults in the streets upon him, there has been much said and by the leaders who took him merely to defeat the regular Republican candidate, as there has been by Republicans.

HOW THEY MEAN TO STIFLE THE INVESTIGATION.—The friends of the administration and of the extension of slavery over Kansas, do not mean to allow the facts in the contested election case to come to the House, even if they are developed in the attempt to suffer the investigation before the committee. The Washington correspondent of the Journal of Commerce writes:

"Such men as Mr. Stephens and Mr. Oliver, who are members of the Committee on Elections, could by their ingenuity and perseverance, detain the Committee two years in their cross-examinations."

The opposition in the House of Representatives, to an examination of the frauds and violence alleged to have been perpetrated in the Kansas election, is quite as disgraceful as shocking themselves. It shows plainer than anything else the spirit that animates the slavery extensionists.—*Providence Journal.*

At the head of one of the graves in "Old St. Mary's" Md., there stands a sodden slab, which, as the inscription indicates, was placed there in 1717, and is still perfectly legible.

The highways account overdrawn $1320,20; Schools, surplus $920,26; Paupers, overdrawn $1636; Salaries, surplus $1,629,14; Fire Department, overdrawn $24; Watch do. $113,78; School-houses, surplus $330; Interest do. $200; Municipal Court do. $681,79. Contingent, overdrawn $151,84. In the City Agency, the liabilities for purchases have been diminished $2,867,65.

It appears from the Mayor's report that while the city debt was increased in 1854-5 by $20,000 it has during the year just expired, been diminished by the sum of $2,130, with the same rate of taxation as in the previous year, and at the same time the highest degree of efficiency ever attained has characterized most, if not all, of the several departments."

It is hoped that the expenditures in conducting the Municipal Court will be defended by the fines and fees accruing therein, but which could not be collected in season to appear in the reports for the year.

In Board of Aldermen. All the business having been disposed of, Alderman Paten, of Ward 2, offered the following resolution:

Resolved, That our thanks are due and are hereby tendered to John T. K. Hayward, Esq. for the able and impartial manner in which he has presided at this board—and for the faithful performance of the arduous and responsible duties of the office of Mayor, the past municipal year. And in retiring from that office, he carries with him the best wishes of each member of this board for his future prosperity and happiness.

The resolution was seconded, with some appropriate remarks, by Alderman Rieker of Ward 1; and after some remarks by Alderman Brown, of Ward 5, the resolution was unanimously adopted.

His Honor, Mayor Hayward, then responded as follows:

Gentlemen of the Board of Aldermen:

Allow me to express my sincere thanks for the resolution you have unanimously passed, also for the kind and favorable manner in which you have seen fit to speak of the retiring administration.

In making my position at the head of the Municipal Government one year ago, none could have been more sensible of my deficient qualifications than myself, and among the least of which was lack of experience in public affairs.

I was quite much encouraged by the fact that among the applicants for office where it was my duty to make nominations, there was scarcely an individual with whom I was personally acquainted. I was of necessity forced to base my action upon the recommendation of others. I wish to make no imputations against the intentions of any, but will only say that I think it shows that most of them were such men as I would not wish to place in office, as I deem integrity should be the first consideration.

It was not to be expected that the year would pass without its errors and mistakes, and looking back from our present position, none is more ready to acknowledge them than myself; to make amends where any faithful officer has been unwisely overlooked.

This I deem not only to be just, but consistent with the times.

But notwithstanding all that we could wish were otherwise, whether our own acts or the acts of those we aided in placing responsible positions, the important interests of the City have not suffered. With scarcely an exception, the different departments of the public service have attained a higher efficiency the past than in any previous year, and are in a most prosperous condition.

The rights and interests of the City connected with her efforts to aid certain Rail Road Corporations, have presented questions of considerable difficulty, but we may reasonably feel that they have been fully protected.

The financial affairs which have been so managed by our predecessors as to leave a heavy debt upon the City, have been so conducted under your prudent administration, that although much has been accomplished, the liabilities have been rather diminished than increased, and we are allowed to pass over to our successors the trusts committed to us in better condition than we received them at the commencement of the year.

Sectional feeling, which has often controlled the councils of the City, has in no case manifested itself during the past year, but I fully believe that all have been actuated only by an earnest desire to promote her business interests and secure her advancement.

In only one instance has personal feeling been manifested in any of our deliberations, and that was only for the moment, and has, it is true, been of long since forgotten.

It is happy for me to say that whatever may have been the shortcomings of the administration of the present year, after performing an unusual amount of the hard and perplexing duty, we are permitted to resign our office with feelings of mutual respect and personal friendship.

The duties of the member of this board, and especially of the alderman at the head, are always onerous, and if I have succeeded in any good degree to render your position agreeable to your self or your constituents, the greatest measure, resulted from the consideration and courtesy I have ever received from your hands, which you will accept my hearty thanks.

As we now separate, gentlemen, you carry with you my best wishes for your welfare and success, and may the blessing of God so benefit us that wherever our lot may fall, whether in public or private life, we may only secure the confidence of our associates, but maintain the approbation of our own conscientious duties.

The Board of Aldermen then adjourned without day.

In Common Council, after the transaction of business, Mr. Wood, Jr. offered the following resolve:

Resolved, That the thanks of the Council be presented to Hon. Geo. E. Smith, for the able and impartial manner in which he has discharged the duties of President of this Board, and in assuring him of our best wishes for his future happiness and welfare.

After some remarks by Mr. Sawyer in favor of the resolve, and by Mr. Wood, Jr. in opposition, the resolve was adopted by the following vote:

The President then responded as follows:

Gentlemen of the Common Council:

Please accept my thanks for the very flattering and complimentary resolution you have just passed.

If in the discharge of my official duties I have met in any degree your wishes and secured your approbation, I am indeed more than repaid. But I shall always attribute my success, whatever it may have been, chiefly to your cordial support and indulgent forbearance.

Permit me also in turn to thank you for your uniform courtesy and kindness, and to congratulate you upon the harmony which has characterized your proceedings during the year we have been associated together in the City Government.

In taking my leave of you, allow me to express to you my earnest wishes for your future happiness and welfare.

The Common Council then adjourned without day.

Town Elections.

The Republicans have carried Bingham, in Somerset County, after a warm contest, though the town went two to one for Wells and Reed last September. Solon and Athens have gone the same way. So also has Norridgewock. All these towns went against the Republicans last fall.

In Jefferson, there was a warm contest, but the Republicans prevailed by a good majority, electing every officer.

Winthrop has been again carried handsomely by the Republicans.

The anti-Republicans have carried Cornville and Washington.

In Rockland a second trial for Mayor, on Monday last, resulted in no choice. There was an increased vote given, as follows: for Charles Crockett (Citizens' Republican) 580; H. G. Berry (coalition) 540; H. H. Spear 103.

Poland, (David Dunn's town) elects Republican officers.

Turner goes Republican by from 50 to 100 majority.

A Trade for Straight Whig Votes.

Our readers have perhaps seen in the Bangor Journal certain resolutions, purporting to have been passed as a meeting of "the Whig members of the Legislature," on the 6th inst.,—declaring that *it is not advisable*, at present, for the Whigs of Maine to take any action for the nomination of candidates for President and Vice President for the next term; but proposing a State Convention on the 25th of June, to talk over matters generally.

In relation to this curious movement, the Kennebec Journal gives some interesting facts. We copy a portion of an article upon this subject:

The whole affair from beginning to end, was got up by the Bangor *clique* of Straight Whigs and Nebraska Democrats, whose head-quarters are at the Journal office; and the sole design was to head off the State of Maine and Bath Tribune from the Fillmore diversion, which for a fortnight past they have been playing to the evident damage of the *straight* element in the Straight Whig ranks. The Sanborn *clique* will hardly dare deny that they intend the Bangor Journal shall support the nominee of the Cincinnati Convention, and after a union with the Bangor Democrat, become the chief organ of Nebraskism in Eastern Maine. In making this grand political stride, it is very desirable that as many Straight Whigs as possible be carried along, and the fullest comprehension can see that to have *two* of the party mouthpieces advocating the claims of Fillmore, or any other third candidate, would only result in wreck and ruin to the whole game so beautifully devised by the *patriotic* Straight Whigs of Bangor. If we will comprehend therefore, at any one can see, that the wake of Maine and Bath Tribune should be silenced. It has proved most effective, for the Bath paper, after advocating Mr. Fillmore's claims at the rate of a column a day for a month past, publishes in its Wednesday's issue, a slashing article, which it quotes from a Massachusetts paper, and which denounces Mr. Fillmore in no very measured terms; and the State of Maine also obeys the Sanborn *ukase*, and has ceased attempting to prove Fillmore a better *freesoiler* than John P. Hale, which it had been laboriously attempting to do for some days prior to the receipt of the *ukase* aforesaid.

As to the effect on the politics of the State, of the proposed Convention of Straight Whigs of June or July, it will, we think, be infinitesimal. The result had been considerable. Any man with intelligence enough to constitute him a legal voter, can see that the influence must be felt hereafter in favor of one of the two parties now contending for supremacy in this State. He must go in favor of Nebraska, Pro-Slavery Democracy, or Anti-Nebraska, Free Republicanism. Of the ten thousand Whigs, who at the last election voted for Mr. Reed, we have little doubt that a large proportion did so in good faith, and were not parties to that palpable, political cheat which so far as the present State Government is concerned, has totally ignored the existence of a Whig party except in establishing the basis for a distribution of spoils. These must therefore be further and final division of the Straight Whig party, which will result inevitably in dividing the ten thousand, (we can't say in what proportion) between the Republicans and the Nebraska Locofocos.

[We see the Custom House organ at Belfast calculates upon getting 7000 of them; but we guess its reckoning is large.]

THE IRON INTERESTS.—*Winter Navigation.* The Courier & Enquirer publishes a list of sixty vessels, comprising more than forty thousand tons of shipping which are now overdue at the port of New York alone, from Europe. Of these, two have been at sea from 35 to 40 days, 13 from 40 to 50 days, 20 from 50 to 60 days, 14 from 60 to 70 days, 4 from 70 to 80 days, 1 from 80 to 100 days. The Courier says:

The month of February 1856, will long be remembered among mariners as a period fraught with suffering and disaster. To the storms and tempests which usually sweep the ocean in the second month of the year, there have been added the dangers and hardships arising from an obstinate and unbroken barrier which has been spread over the very track of vessels engaged in European voyages. This barrier has extended over five degrees of latitude and more than seven of longitude. Never before have such extensive fields been reported so early in the season.

We are indebted to Senator Hamlin and Fessenden and to Hon. Israel Washburn, for numerous favors in the way of Congressional documents.

Rev. J. B. Wheelwright, formerly of this city, was installed as pastor over the church at Woodbrook on the 19th inst.

The Sons of Maine residents in Boston held a meeting on Tuesday evening, and elected Hon. Geo. S. Hillard [illegible]

We make the following extract from the recently published report of the City Marshal of Augusta. The concluding remarks will apply as well here as in Augusta:

To our law-abiding and order-loving citizens, I acknowledge my indebtedness for their aid and hearty co-operation with the Police department, in promoting order and harmony; to them, and to their influence, may justly be attributed a large share of that success which has attended their labors, and has enabled them successfully to resist and counteract certain other influences constantly exerted by the enemies of good order, some of whom, I regret to say, have been found against those claiming high rank.

In conclusion I may state that so far as the general appearance of our streets, and the habits of a certain class of our citizens are concerned, there has been a manifest change, commencing soon after the annual election in September. The anticipated change in the laws regulating the traffic in the intoxicating liquors has, in my opinion, served to embolden those engaged, or inclined to engage in the traffic; and has also to some extent made dupes of the unfortunate class who have become enslaved by their appetite. The legitimate consequence is, that more drunkenness is observed in our streets in one week now, than in six months prior to the change being effected to.

BURGLARY. The store of Charles H. Forbes, about two miles from the Kenduskeag bridge, on State street, was broken open and entered on Friday night, or Saturday morning, by some fellow who broke two panes of glass in the front window, through which he crawled, and abstracted three or four dollars in silver. There are several houses in the immediate vicinity—only three rods off—in which a man was asleep in the chamber over the store, yet none were awakened by the rattling of the broken glass.

HARMONY STREET CHURCH. The annual rental of the pews in this church, on Friday evening, produced the sum of $2000, including premiums for choice, amounting to $211. The pews yet to be rented will probably add $200 to the amount.

It affords me pleasure to state, that from the experience I have had, in curing a severe attack of Dyspepsia, in my own family, and from the beneficial effects which it has produced in other and more severe cases, arising in families of members of Congress, with whom I am acquainted, I think it an invaluable medicine, and hope that such circulation will be given to it as will bring it within the reach of all who are afflicted with that distressing malady. Cheap & Convenient Building.

Door, Sash and Blind Factory.

A. DUNBAR

HAS been very successful in completing several contracts for Door Frames, Doors, Window Frames and Sashes, and Blinds, for dwelling-houses and other buildings to be erected in this city, the coming season. He has excellent workmen in his employ, and has superintendence of all the work and is now able to supply to those about to build the best articles of Door Frames, Window Frames, Sashes, and Blinds, made to any dimensions and of superior quality, either for a whole building or for a less quantity. The trouble and expense of building is very much lessened by having these articles made separately, so that the carpenter has only to put them in their places in the structure.

This business has now become so well systematized that only a small margin is left in knowing beforehand the cost of a dwelling house, while the work is of a uniform excellent quality.

Any one interested can examine specimens of the work at the factory, near the Rose Plantation, or at the store of M. S. Jackson, 98 Exchange-st, and at either place any articles may be obtained in large quantities ordered.

Mr. Dunbar is also prepared to furnish Window Blinds ready painted, and will hang them at the shortest notice.

By long experience, and by determined perseverance, the subscriber is now enabled to suit his customers, both in quality and price, and so well organized is the business that no chain should now think of building in the old and slow and imperfect methods.

Central American Alliance.

WASHINGTON, March 15.

Information received from official sources confirms the story that an alliance between San Salvador, Costa Rica Guatemala and Honduras is completed. Those States are now prepared to defend their own territory as well as assist their brethren in Nicaragua against Walker's government. It is supposed that before this hostilities have commenced. It is equally true that instructions have been issued to several European governments, to their squadrons in the Atlantic and Pacific, with reference to events in Central America.

Emigration to Kansas.

CHARLESTON, S C, March 15.

A large meeting to promote emigration to Kansas was held here last night. An address and resolutions were adopted declaring slavery to be a political element of the confederacy and inseparable from the present system of government, claiming the right to promote emigration to Kansas as private individuals, but disclaiming any State attempt or armed intervention in the affairs of Kansas. A committee was appointed to collect funds in aid of the cause

SAN FRANCISCO, Feb 20—A violent shock of an earthquake was felt in this city on the morning of the 15th. The people were aroused from their sleep and hastened frantically rushing into the street in their night clothes. The shock lasted some twenty seconds, and was preceded by a rumbling sound like distant thunder. No material damage was done to property. The fire will fell one brick store — The plastering was much cracked in many buildings, and in some instances in brick walls. The Great European Cough Remedy.

Imported into the Commonwealth and the Public generally.

Universal Cough Mixture

Is a safe and effectual Remedy for Coughs of every description, whether of children or adults, if directly following

ONLY BY

REV. WALTER CLARK,

Sole Proprietor, Cornhaville, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and every where its extraordinary power in relieving and completely curing cases of the Chest and Lungs, is gratefully acknowledged, and especially in cases of obstinate and long standing coughs, it speedily allays the unpleasant sensation in the throat which excites coughing, it promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables others to enjoy natural and refreshing sleep, when for weeks had been deprived of that blessing.

Sold in trial bottles, 25 cents each; large bottles, each containing the quantity of four small ones, 75 cents each.

Extract of a letter from Daniel Adams, Esq., of Bowdoinham, Maine.

BOWDOINHAM, 17th, 1852.

To Rev. Walter Clark, Dear Sir—The bottle of Cough Mixture which I bought of you at Topsham had the desired effect on my wife. She had been afflicted with a cough for two years—that bottle entirely removed it.

From Rev. Jesse Hoyt, Lewiston Falls.

Rev. Clarke—Every trial of the Universal Cough Mixture which I see it with does, is sold—and I have several applications for more. As far as I have heard from all have been perfectly satisfied with the medicine. One man, who had a cough of long standing, attended with tightness of the chest and shortness of breath, so that he was held and from his employ, purchased one large bottle, and before he had taken one third of it, was perfectly cured, and has had no cough since. He says it is the best medicine in the world, and cannot be recommended too highly.

JESSE HAYES.

From Mr. Fletcher Clark, agent for North Dixmont, Maine.

DEAR SIR—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several who had symptoms of slyspepsia, and disease with whom have been induced six months without relief, have been speedily cured by the Universal Cough Mixture.

From Mrs. Hubbard, Thorndike, Me.

FEBRUARY 1, 1854.

To Rev. Walter Clark, Dear Sir—This certifies that I have used one bottle of your Universal Cough Mixture for a distressing cough and soreness in the lungs. I had previously taken several kinds of medicine, and had been under the care of several physicians, without obtaining the least relief, happily your Universal Cough Mixture was recommended to me. I procured a bottle, which I began to use according to directions on the label, by which in a few days I was entirely cured.

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Buchu
IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY

For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,

and all Diseases of the Sexual Organs, whether in

MALE OR FEMALE,

from whatever cause they may have originated, and

No Matter of How Long Standing.

This popular and specific remedy is now offered to the afflicted and guaranteed to cure all the above complaints. It seizes on the very roots of the disease, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent!

This medicine always pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This inestimable remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing a

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOUND. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex, without hindrance from business or medical advice. Plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them,

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the system, to a perfect state of *Health and Purity.*—And as a medicine which must benefit everybody, from the simply debilitated to the confirmed and despairing invalid, no equal is to be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Sarsaparilla,
—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and improprieties in life, chronic constitutional disease arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patients and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course, will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation, to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently by much impaired, if not rendered totally inert, by the injudicious and unskilful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public, and to the safety, that those should be standard preparations of uniform strength and possessing in the most elegant stages. To effect this and obviate the difficulties alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are prepared to be made from in a highly concentrated form, and are the most active preparations which can be made.

Two table spoonfuls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle (6 fl.) equals in strength, one gallon of Syrup Sarsaparilla or decoction, as usually made.

Fluid Extract Buchu, $1 per bottle, or 6 for $5
" Sarsaparilla, 1 "

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation.

TESTIMONY FROM MAINE.

Capt. Daniel Abbott, Brooklin, Maine, July 16 1853, says: "I was taken sick on my own ago last April, upon my passage from Havana to Charleston, S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of "Hoofland's German Bitters" in it, I sent for some immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and about 2 o'clock. The effect was so rapid on me that I had a good appetite for supper, and treated well that night, and the next day found me a well man.—I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I will never give up going to sea and reside at this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, says: "We here with send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters, I was induced to try them in her case, and had taken but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years.—She feels no pain in her side or in any part of her body, and attributes her cure entirely to the German Bitters.

WILLIAM CLARK.

Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are *entirely vegetable*, thereby possessing advantages over most of the preparations recommended for similar diseases.

For sale by respectable dealers and storekeepers generally.—and by J. S. Ingraham, Bangor; W. B. Morrell, Dexter, E. B. Fisco, Lincoln.

A MARVELLOUS REMEDY!
For a Marvellous Age!!

HOLLOWAY'S OINTMENT!!

The Grand External Remedy.

By the aid of a microscope we see millions of little openings on the surface of our bodies.—Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. In cases of the Kidneys, Disorders of the Liver, affections of the Heart, inflammation of the Lungs, Asthma, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes through bone or meat, and thus tenderizes. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas, Salt Rheum, and Scorbutic Humors.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Head, Scrofula, or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings and tumors. Professor Holloway has, by command of the Allied Governments, despatched to the hospitals of the East large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds, bad sores, about the joints, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Piles
Burns,	Rheumatism
Chapped Hands	Salt Rheum
Chilblains	Skin Diseases
Fistulas	Sore Legs
Gout	Sore Breasts
Lumbago	Sore Head
Mercurial Erup.	Sore Throats
Sores of all kinds	Scalds
	Scalds
	Swelled Glands
	Stiff Joints
	Ulcers
	Venereal Sores
	Wounds of all kinds

Sold at the Manufactories of Professor Holloway, 80 Maiden Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, in Pots, at 25 cts, 624 cents, and $1 each.

There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

GREAT
American and Foreign Office,
—FOR—
Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,
No. 75 State Street, opposite Kilby St.
BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S. Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by other agencies, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty, as paid heretofore*,) will be remitted by him in case of failure to obtain a patent, and the withdrawal, through him, within three days after the rejection.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not unequalled by superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE FIRST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides a library of legal and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary to the procuring of patents in this and foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents. All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

Models and inventions should be sent by express, *or other conveyance*, with a full description of the invention, and the plan of operation, and the whole will be carefully examined, and the inventor informed, by return mail, whether, in my opinion, a patent can be obtained, and the probable expense.

Fee for examination, $5.

Persons at a distance may rely with confidence on receiving the same attention to their business as if present in person.

Letters must be post paid, and contain a remittance sufficient to pay for the return letter, and all necessary expenses.

Models of inventions should be sent by express, or other conveyance
